part 3

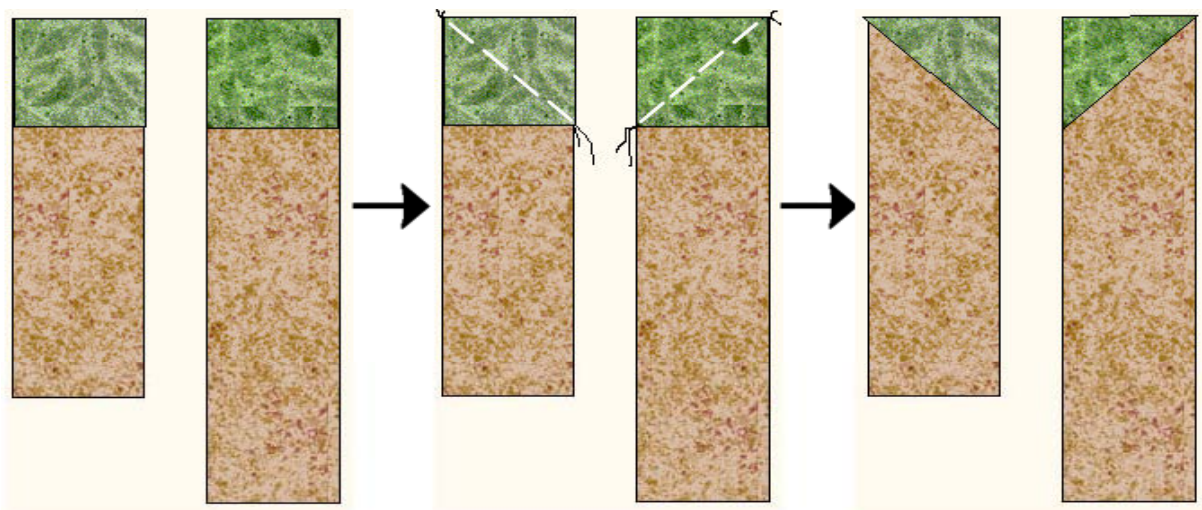

Find and use

1 beige strip 7" x 1 1/2" and
1 beige strip 8" x 1 1/2"

Also find and use

2 medium dark green 1 1/2" x 1 1/2" squares.

Use connector squares* as an easy way to add triangle corners onto the rectangles and sew 2 medium green squares to the strips as shown.

Find and use

1 medium green 1 1/2" x 1 1/2" square.

Sew this medium green square to the end of the long the brown strip.

Find and use

3 beige strips 7" x 1 1/2" and
3 beige strips 8" x 1 1/2"

Also find and use

9 medium green 1 1/2" x 1 1/2" squares

Repeat the steps as shown here before; - sew the beige strips and medium green squares together.

Now there are:

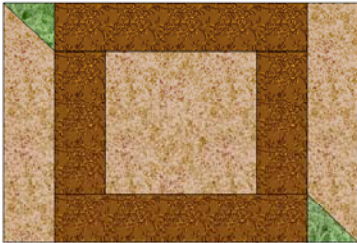

4 beige strips 7" x 1 1/2" with a medium green triangle at one end, and

4 beige strips 8" x 1 1/2" with a medium green triangle and a square at the end; now 9" x 1 1/2" long.

Find 2 of block B and

4 beige strips 7" x 1 1/2" with a medium green triangle at one end.

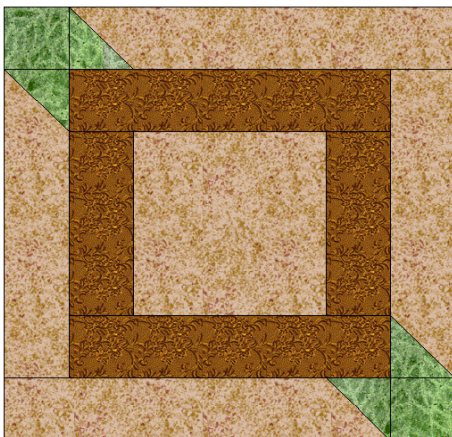

Sew each of these onto the left and right side of block B.

Find and use

4 beige strips 8" x 1 1/2" with a medium green triangle and a square at the end; now 9" x 1 1/2" long.

Sew each of these onto the top and the bottom of block B.

This is block B, - you'll have 2 of these blocks now.

part 3

Find and use the last of block B, - the last beige square with brown strips around.

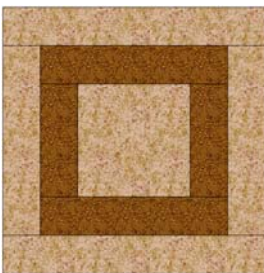

Also find and use
2 beige strips 7" x 1 1/2"

Sew each of these onto the left and right side of block B.

Find and use
2 beige strips 9" x 1 1/2"

Sew each of these onto the top and the bottom of block B.

This is block C, - you'll have only 1 of this one.

* I give my thanks to Mary Ellen Hopkins for her idea of using connector squares.
